The channel "Rossiya 24" in May 2016 broadcast news from France, where the French were complaining about the emigrants who came.

The name of this channel is written in Russian

Continuation the Fake News

The report has a total duration of 6 minutes. demonstrations against the new labor law in France are being carried out in the first 3 minutes. After the 3 minutes he begins to talk about how the French regime welcomes the emigrants, then they do interviews of ordinary people in which they supposedly complained of the emigrants.

The program "Le Petit Journal" of the French channel "Canal +" shows that the news is false because the translations of the comments that the people said were totally changed.

Some fake news images

“I was SENT at retirement and immediately three migrants were hired”

“Come here because I want to get to know you better”

“Exceeded the thousand, the French authorities closed the school”

The school was closed in 2011 before the arrival of immigrants (refugees)
